[Call for Pricing](#)

On a hot sultry day there is nothing better to wet your whistle with than a Black Cocksicle! Black is beautiful... and even more so when 10 sexy sista's are slurping on a giant black dick trying to cool themselves off. It's 10 Scorchin' hot scenes and they're doing everything to make the cream melt. It's so frozen, they have to put in some work to get the full enjoyment of such a delicious treat. They're in such heat, desperately seeking the cum core for relief! How many licks does it take?!
