Amazing Penetrations #22 - Mondo Dildos

[Call for Pricing](#)

Naughty Alysha's MONDO DILDOS are bigger than your wrist, bigger than your first, some even bigger than your thigh! She warms up her hole with some smaller toys first. Now for Alysha, a smaller toy is as fat as your arm. She works them in and out until you swear there is enough friction to start a fire. She cums quickly with each toy and is soon cumming non-stop until she ceases plundering her pussy with the huge rubber staffs.
