These horny bitches weren't satisfied then, and they're still not satisfied now! Back in the day, these sluts used to be temporarily satisfied if you ate their pussy and fucked them after you got back from a hard day's work...now, they've left you for a younger man, and they still fuck around on his sorry hard up ass! WHY, you ask? Because these horny housewives think about nothing but fucking...day in, and day out! They live for cock! AT LEAST two at a time! Whoever said old broads are frigid haven't met these sex machines! They love to suck cock while another man bangs their tight, wet, senior citizen pussy hole! One's never enough, and there's no stopping the MILF! Tons of sloppy wet blowjobs, pussy fucking from every angle, and three tons of cum from these hussies bangin' two stiffies at a time! A sight you'll not soon forget awaits you inside!
