Amateur Sluts & Real Swingers #54 - Another Butthole Movie

[Call for Pricing](#)

Extreme Missy loves to masturbate her pussy, but her favorite hole to play with is her asshole. She fucks herself to orgasm in her pussy, cervix and peehole, but it's her asshole that makes her cum the hardest. You won't believe the size of the toys that Missy must use in her big butt hole to get herself off. Because Missy has stretched her rectum out so much, it has become prolapsed and will hang several inches outside of her butt after she has masturbated it. That is fine with Missy because then she can finger it and stuff more toys inside her hanging butt meat and get herself off in a whole new way. Missy uses speculums in her butt hole, so that you can see her stuffing long toys into her ass. You can look right down her shit pipe and see the dildo way deep inside. She even puts a speculum in her pussy so that you can watch her fuck her asshole from inside her pussy!
