Amateur Sluts & Real Swingers #56 - Missy's Butt Loads

[Call for Pricing](#)

Extreme Missy is fulfilling a request from a member of her website for an all anal picture series. The camera catches the big titted MILF masturbating her asshole with one monster dildo after another until it is so stretched out that her rectum gapes open permanently. Big airy farts come from her butt when she pulls the massive dildos from her well-used anal canal and Missy just giggles and does it again. The photographer gets right up into her butt hole with the camera, using a huge clear plastic funnel to hold her asshole wide open so you can clearly see several inches deep. When the toys become so large that Missy cannot hold them herself, she calls a hung black stud to assist in her anal masturbation. In return for reaming out her butt hole for a dozen hard orgasms, Missy sits on top of a giant dildo and gives him a sloppy gagging blowjob. Missy drools all over her big tits while she tries to swallow the thick hung donkey dick stud and a big wad of cum is deposited deep in her butt. The funnel is put back inside so that you can see the massive cumload swimming around six inches deep inside her ass pipe.
