Naughty Alysha is horny and home alone. She decides to take matters into her own hands and gets out her Monster Dildos to satisfy the inch deep inside her cunt. She pilots her big toy skillfully and dive bombs her twat with abandon. The toys she chooses for her orgasmic ride into the clouds are the size of 747's/ These jumbo jet sized toys really stretch her hole and make her cum fast and often. Alysha is directly on target when she drops her cum bombs and she squirts huge amounts of girl juice onto the couch. She does her butt hole and clit at the same time with one toy to leave big sloppy puddles under her quivering ass. After she has had over a dozen orgasms, she declares mission accomplishes and floats slowly back to earth to fly another day!
