Amazing Penetrations #29 - Ride The Plastic Pony

[Call for Pricing](#)

Naughty Alysha is a big dildo slut. If given a choice between a cock and a big dildo, she will not chose the cock. There's no way a normal cock can fill up her big cunt and get her off the way that she craves. That means that Alysha must rely on her big dildos for sexual satisfaction on a regular basis. She's not ashamed to take matters into her own hands and satisfy her hunger in her over-stretched pussy. Naughty Alysha enjoys stuffing herself to the limit and seeing how much of her big toys she can hold inside her cave-like vagina. The only problem is the more she uses giant toys to get off, the bigger the toys have to be the next time to completley fill her up again. It is a never ending circle!
