Amazing Penetrations #30 - Pounding Pussy

[Call for Pricing](#)

Naughty Alysha is a cute MILF who loves to masturbate for the camera. She can only get off when she fucks her pussy hard with really large dildos. Most women like a slow steady fucking rhythm to make them cum, but Alysha likes her hole to get piston pounded. She digs into her crotch hard with over-sized toys and forces her juices out with each stroke. She works the super large toys into her gaping maw with ease then proceeds to literally fuck the piss out of her cunt. Giant rubber donges are mashed deep into her guts as she attempts to satisfy her nympho pussy. It takes dozens of orgasms to finally stop the cravings in her hole, and when she is done, Alysha is sitting in two inches of girl cum. It's a good thing that she is a contortionist because the positions that she gets into to ream out her cunt would snap a normal girl in half!
