Amazing Penetrations #31 - Sitting On A Fencepost

[Call for Pricing](#)

Naughty Alysha has one of the biggest cunts in porn and she really goes all out in this video to show you what her big hole can do! Tree trunk sized toys are used to facilitate huge wet orgasms from Alysha's giant insatiable pussy. Alysha's dildos are so big that they stand up by themselves and weigh 40 or 50 pounds each. They are so massive, that they are as fat as her leg, yet she manages to stuff them all the way inside her size-hungry cunthole. There is no trick photography or camera tricks in this video. It is just all extreme stuffing where Alysha practically causes herself permanent physical damage from using these out-sized toys to give herself orgasms. Alysha gives a whole new meaning to Monster Dildo Fucking!
