### Amazing Ty #55 - Pin Cushion Pussy

[Call for Pricing](#)

Amazing Ty likes to feel her pussy stuffed to the max, so when she pushes one big toy inside herself, you know another is bound to follow. This kinky girl likes to get so many dildos inside her pussy at the same time that it looks like a pin cushion. Ty gets off by shoving over-sized dildos into her pussy two or three at a time. Now, one of these dildos would be far too big for most normal girls to fuck, but Ty uses these things in bunches. You can see the expression on her face when that last big toy is forced in and now the pain of being totally stretched takes over. This always sends her into rapid fire orgasms that do not stop until she pops out the mass of latex from her spasming big hole. How many toys can she get into her cunt at a time? Three, four or maybe five shoved inside at once. You will have to watch her video to see, but most certainly she will amaze you with the results, because Amazing Ty has a pin cushion pussy!
