Amateur Sluts & Real Swingers #61 - Pint Sized Pussy

[Call for Pricing](#)

Lacy is a quite, petite woman only 4 feet 11 inches barely 85 pounds. She literally opens up with larger and larger dildos. She becomes more and more vocal as her orgasms become more intense. How can a small girl have such a huge hole? Amazing! The small toys she begins with are bigger than most women would ever think of trying to insert into themselves, but some of the toys that Lacy rides are as big around as her small leg. She cums harder and longer as they toys become larger and soon she is trying to get off on some impossibly sized toys. Lacy manages to get the first huge dildo inside and she cums almost instantly. She tries but fails to get the truly giant toys into her pussy but she tries hard. It looks as if she will be split in two as she strains to force the monster inside. Join this pint sized slut for the masturbation that would make even Amazing Ty amazed!
