Denni O #58 - Balloon Adventure

[Call for Pricing](#)

Denni O and Naughty Alysha are waiting for the limo driver to arrive and take them on an adventure. As soon as they get in, they have their skirts up and dildos into their pussies. Then, they put on some tight jeans to conceal their toys and go out into public. After partying in the bar, the girls decide to take a hot air balloon ride. All the while, they are manipulating the blow up toys in both their cunts with no one having a clue that they are getting off right there in public. The girls cannot wait to get back home in the limo because they are horny from walking around with big dildos in their pussies all day. Denni and Alysha work each other's cunts over with monster dildos and then use a massive double dildo called the Anaconda to finish the job on both of their pussies at the same time. They give a whole new meaning to flying high.
