[Call for Pricing](#)

Denni O has met two of her slut friends for a weekend in Las Vegas. After just a few hours of recruiting the girls have found a half a dozen dicks to service all their cravings. They hurry up to Denni's room for an hour of non-stop pumping and cumming. It is an all out free for all with the guys taking turns fucking every girl with their super size dicks and dumping one big load after another. The girls are real cum-hounds savoring and sharing each precious cumload with each other licking up every drop. Alice slurps a big drippy one right from Denni's well-fucked pussy. The girls take double facials and lick it off each other. These girls are insatiable sperm gobblers who really live for the stuff and you can tell by their enthusiasm.
