[Call for Pricing](#)

Slut Shelby thinks she is only going to give up her pussy to the two black studs she's entertaining, but they have ass on this minds. After sucking and fucking them until they're rock hard, they convince her to give up her virgin asshole. Since Shelby has never had a dick in her ass before she's nervous at first, but is soon moaning and cumming as the black shaft pistons in and out of her tight butt cherry, After getting off three or four times the two guys talk her into letting them do a DP. She take two huge dicks like a champ, screaming so loud the neighbors has to hear her. After fucking her holes silly, the two horny studs deliver two huge loads in her holes then use a giant horse speculum to collect the sperm and feed it to the nasty slut.
