Amazing Ty #23 - Anal Volcano

[Call for Pricing](#)

Ty is out in her car cruising for cock. She picks up a couple of guys and asks them if they want to go for a ride and fuck. After teasing their big dicks for a while, Ty asks them to invite over a couple of friends so she can have more dick. Before long there are a half dozen big dicks fucking her asshole one after another. Each guy delivers his payload of sperm deep inside Ty's hungry ass and their huge deposits ooze out in torrents. Huge puddles of cum dirties the linen on the bed. After each guy cums, they are coaxed into going for seconds and this time the guys fill her up so fast that the loads begins to accumulate in her now bucket sized butthole. The guys start pumping her asshole out with suction pumps to clear the way for more fucking, because by now there is no friction and her ass is real squishy. The big runny pools of cock juice gurgle and spurt from inside her rectum into the clear tubes for the close-up camera. Ty ends up wallowing in an inch deep puddle of sticky cum that has run out of her ass and she licks the disgusting mess right off the bed.
