Amateur Sluts & Real Swingers #53 - Sit On It And Rotate

[Call for Pricing](#)

Extreme Missy has a huge pussy and asshole that craves Monster Dildos. Missy begins with a tapered dildo that is too big for most women. She inserts larger and larger toys until she is stuffing her aching hole with dildos as big around as her leg. Then she jams a toy fatter than a champagne bottle up her ass. She uses all her weight to force it in. After she stretches out her rectum, she gapes her butt wide to show you how deep the toy went in. Missy has a definite kinky streak and she knows you how she likes to masturbate her urethra. She pushes her little finger almost completely into her peehole and then gets a strange looking vibrator that she inserts completely into her bigger than normal urethra. Of course, this makes Missy cum in buckets and you see it all up close. Missy's cunthole is insatiable and after cumming from fucking her ass and peehole, she rides more of the giant toys. These last toys are like tree stumps and she just climbs on and bounces like her pussy was made of rubber. Amazing penetrations of all of her girl hole!
