Amateur Sluts & Real Swingers #21 - Gloryhole Girl

[Call for Pricing](#)

When you meet Alysha she's preparing herself in the bathroom for what she describes as a slut's night out. When she arrives at the local porn shop and flashes her hot body and large natural tits around, a group of eager guys is assembled. Naught Alysha takes her position squatting inside of a peepshow booth and starts slurping and sucking one hard cock after another through a gloryhole. You can hear the huge line of guys forming outside the video booth and Alysha gets more and more excited as she drains cock after cock. She sucks off big ones, little ones, black ones and brown ones. There seems to be an unending supply of spurting dicks thrust through the hole on the wall of the video booth. Alysha jerks off the dicks into a glass and collects a dozen loads. When the suck fest is over and no amount of begging can get more dicks for her to suck, she dumps the huge glass of man-juice into her mouth and it runs all over her dress, before she leaves the store wearing her slimy prize!
