[Call for Pricing](#)

Join Denni, Alysha and Sydney as they share their bizarre penchant for stretching their holes with you. These suburban housewives satisfy their need for LARGE while their men are at work. Toys the size of your leg are needed to satisfy the need of these sluts to have their holes completely filled. These girls take turns using huge strap-ons to double fuck each other's horny holes. Denni and Alysha take two big fake dicks at a time in their pussies before plowing Sydney's willing ass with the behemoths. When they're done with her rectum, it gapes like the Holland tunnel. They use MONSTER DOUBLE DONGS and ride them into intense orgasms. These donges look like they were made for large mammals, not your girl next door housewife. You will feel as if the women have invited you to be right there at their hole stretching party because you are so close to the fun! Denni and Alysha ride two gigantic dildos until their holes gapes so far that Alysha is able to push her cervix completely outside of her pussy. You're so close you can almost smell their slutty snatches! They have fun gaping and playing with their over-sized female orifices. You hear every squishy sound as they fuck themselves silly. Their squirting orgasms are heard on the next block. Now you know why your wife is always

so tired when you come home from work!
