Denni O #33 - Cock Worship

[Call for Pricing](#)

Denni just adores cock and worships it every chance she gets! Not only does she love cock, but her favorite part is the big messy load of cum that she gets from all of her ministrations. After sucking and paying homage to a regal shaft, there is nothing Denni likes more than savoring and swallowing every single drop of the sperm she has been blessed with. It is like a religion for this girl. On her knees sucking a big cock only serves to stoke her primal flames. Denni sucks off her husband more often than it rains in Seattle and yet she's always ready for some more cock and cum! When she drinks a couple of cumloads from a glass, it's like she's taking holy communion. She begs for cum and gets her tummy full daily. She even indulges in some big black dick, sucking and submitting to the size of its hardness. Denni lets a black scepter use her pussy like it was on a mission from god. So much cum is pumped into her by her dark stud that her whole crotch is frothing white and spilling over with sacred seed. Having been able to show her devotion to her spent idol, Denni is in a state of blissful nirvana.
