Ghetto Casting Couch #01

[Call for Pricing](#)

They wanted to be a model, that is until they sat on the Ghetto Casting Couch. Then they went from having an application in their hands to having a cock in their mouths. See these lovely luscious ladies showcase their real talents when they wrap their thick and sultry lips around a weighty piece of dick and work it with their pretty head. See them move their asses up and down while they ride a stiff one. It's another outstanding creation from Black Magic Pictures! See these fresh faces get stuffed in tight places. This isn't any ordinary couch, this is the Ghetto Casting Couch.
