Holy shit, a can of whipped cream just exploded in her face, oh wait, no... she just caught a face full of dick splooge... my mistake! These girls work cocks like pistons in a bored out racing engine that's working overtime! They're not in it for the thrill of victory; they're in it to win it and drain your balls of all of their batter. Watch as these Facial Cum Catchers take gallons of man muck to the dome.
