Suck It & Swallow #04

[Call for Pricing](#)

As she slowly wraps her hand around your cock - while on her knees comfortably between your legs - she looks up at you and smiles. She stretches her mouth as wide as she can and begins sucking softly and enjoying the taste of the pre-cum...stroking the shaft with just the right speed and fondling your balls as the time passes. Your cock is throbbing, she begins to build momentum, jerking your shaft with long strokes and deep throating until you can't hold it anymore and explode right down her throat! Well, that's exactly what you're going to get here and more - in Suck It & Swallow 4...by Sticky Video.
